

Clue A
starts the fun.
Find the file
with the number one.

**The next clue
is nearby.
It's under the feet
of one of these guys.**

Next is Clue C.
But where could it be?
Look around, up or down,
or maybe in a tree.

**The next object will be
something wooden
made from a tree.
Christians hold this dear,
and it's pretty near.**

**Our clues
are close to done.
But it's not the end of fun.
Look near a lock
for a stone or a rock.**
