

How would you encourage Luis when he gets discouraged about his future?

How can hearing the gospel make a difference for a family facing poverty?

# THE GREAT HOPE Roundup

## PRAYER JOURNAL

Dominican Republic

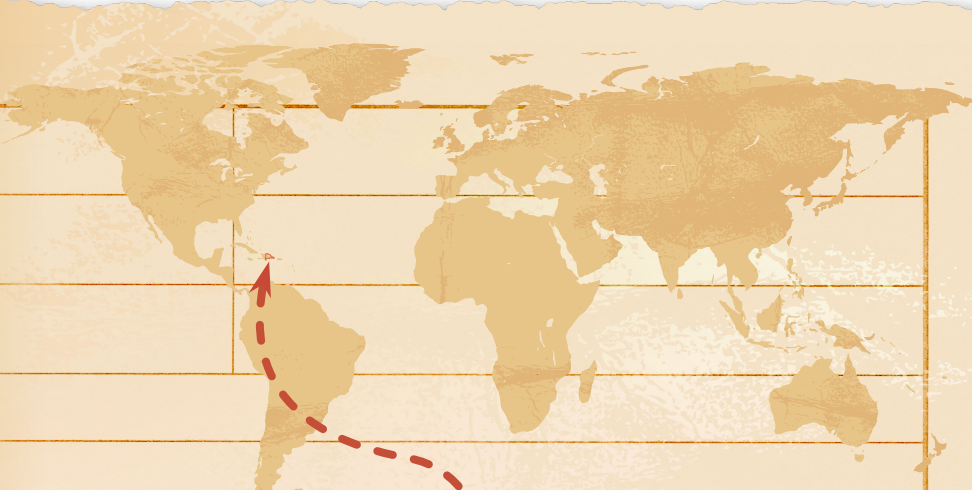

**Name:** Luis

**Country:**  The Dominican Republic

**Challenge:**  Generational Poverty

**About:** Luis and his brother come from a family of sugar plantation workers. In the community where he lives, that's all the people know how to do. But Luis wants more for his life. He knows what a future chopping sugarcane will look like, and he wants something different. If Luis' situation doesn't change, when he grows up and has his own family, they could live in poverty, too.

**Prayer Requests:** Pray for families who are struggling to break out of the poverty they were born into.

Pray for the pastors and church volunteers who are sharing the hope of the gospel with families in need.
