

**Get the Word out
about your VBS!**

Our "outreach" is not outreaching, but mostly getting kids from other churches ...how have you gotten unchurched kids to your VBS? We hope to encourage our kids to invite their friends, but not sure the best way to go about this.

Leonard
the basics of computer coding and the knowledge that you have. You will learn about programming and why it is important. You will program video games and even create a program of your own. Activities include: Tynce, Lego Robotics, etc.

KIDS DRONE FLIGHT SCHOOL
Grades 4-8
Sean Stevens
Students will be introduced to the world of drones and learn the fundamentals of drone flight with an emphasis on safety, learning how to avoid crashes and aerial videography. Each class will offer obstacle courses, team challenges and recorded video to share with family and friends! Upon completion of the course, students will be given their own mini drone to fly at home!

DISC GOLF DAY FOR KIDS
Ages 7-17
Raymond Jordan
Did you know that disc golf is a rapidly growing sport worldwide? Here's the chance for your child to experience first-hand what this sport is all about! Whether your child is beginning or experienced, join us for a day centered around Disc Golf and fun, games, play on a custom short 9 hole course and lunch (hot dog, chips and a drink). Parents can either drop their child off or stay and watch. See page 48 for location information.
