

Think about your typical day. What types of things do you do each day that would be hard to do while you are hungry?

During the pandemic, many people across America lost their jobs. It would be easy for Olivia to feel like her story is just one of many. What would you say to Olivia to help her know that she is loved?

Name: Olivia

Country: United States

Challenge: Invisible Poor

About: Before the pandemic, Olivia didn't have to worry about having enough food to eat. Her parents had both worked hard to be able to provide their family with a decent home and plenty of food to eat. Once the pandemic hit, both of Olivia's parents suddenly found themselves out of work. They had to make the hard decision between buying food and paying for electricity in their house.

Prayer Requests: Pray for kids like Olivia in your own neighborhood, school, or church who may be dealing with hunger on a daily basis.

Pray that local churches would be able to share the gospel with families in need in their communities.
