## EXPLORATION JOURNAL

Name:

Isaac

Country:

Haiti

Problem:

Generational Poverty

About:

In Isaac's family, everyone has been farmers for as far back as they can remember. Although they have very little to live on, it's the only work they've ever done. Because Isaac's in a wheelchair, he has difficulty moving over uneven ground. He knows he won't be able to work in the fields like the others in his family. He wonders how he'll be able to work when he grows up. For now, Isaac would like to play with his friends, but it is sometimes hard to play when he can't move around as easily as the rest of the kids his age.

Prayer Requests:

Pray for Isaac's friends to find ways to include him in their activities.

Pray for the local churches to be able to minister to families that have a child with a disability and share with them about God's love.
