

What would you miss most if you weren't able to go to school?

How would you comfort Garma when it feels like nothing in her life is the same anymore?

## EXPLORATION JOURNAL

Name:

Garma

Country:

Myanmar

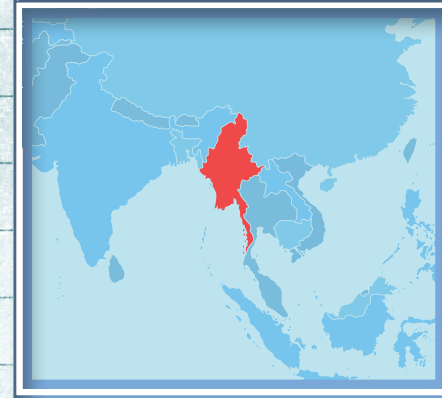

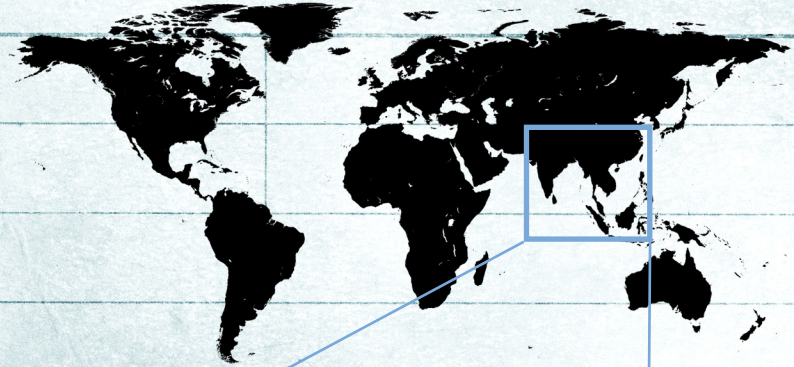

Problem:

Natural Disaster

About:

Garma lives in a village that gets a lot of rain every year. Most of the time, there are leaks in the roof. Outside, Garma usually has to walk across ramps to avoid the large puddles that form everywhere in her village. But this year, it was worse. Terrible storms caused a lot of damage. Some of Garma's friends had to move away because they lost their homes. Her school was destroyed. The building where her father works was destroyed, too. Garma's afraid her family will also have to move so her dad can find another job.

Prayer Requests:

Pray for protection over children like Garma who live in places that have a lot of bad storms.

Pray that local churches would be able to respond quickly after a natural disaster and bring food and aid to people who are in need.
