

Zoomerang Sermon Notes

Opening and/or concluding VBS week with a sermon related to the VBS theme can be a wonderful way to prepare parents for what their children will be diving into or reinforce to kids the teachings from VBS. Or, if your church dedicates the Sunday after VBS to inviting families who attended VBS to come, it's a great time to reach parents (especially those who don't normally attend church) with truth from God's Word and the gospel.

Zoomerang is a sanctity of life VBS and is extremely timely for 2022. (We couldn't have picked a better year to run this theme—surely it was the Lord's timing!) Now is a great opportunity for a sanctity of life sermon that ties in with what children are learning in VBS.

If you'd like to plan a sermon on this topic for your congregation, consider including information from the following resources:

- [Prenatal Development: Life of an Unborn Baby](#)¹
Woven throughout this fascinating series are answers to common pro-abortion arguments.
- [“When Does Life Begin?”](#)²
- [“Abortion: The Culmination of Secular Thought”](#)³
- [“Post-Abortion Guilt”](#)⁴
- [“Does the Bible Condone Abortion?”](#)⁵

You can also glean great information from the videos recorded at our Life Is Precious conference this past January. All of those videos can be found [here](#).⁶
